“We are very happy with ABS India technical expertise & solutions given by them. Today with help of Alcatel Omni PCX Enterprise, we never miss or lose a call. We are very happy to work with ABS India”.....

Piyush Gupta – General Manager

Television Eighteen India Limited (TV18) is an emerging media powerhouse with business interests in content, broadcasting and emerging media.

It is among the fastest growing media companies in India

TV18 is one of the few listed companies in the media business today and has a great track record. It is run by promoters who are respected for creative content development and experienced management. This respect is buttressed by a history of smooth relationships in the industry.

Some of the prominent shows of TV 18 are Auto Show, Business at 8, Business Lunch, Business this week etc.

The company is committed to bring entertainment & news to each and every household.

Since the company was moving to a new premises, TV 18 was looking for a reliable, flexible and scalable solution and wanted to update their existing PABX.

The company was looking for a complete voice solutions including mobility, conferencing facility & voicemail services and a communication partner who would plan, implement & delivers voice solutions.

Thanks to Alcatel Omni PCX Enterprise, ABS India could implement voice solutions. ABS India’s technical expertise, project management skills & Alcatel All – In – One service portfolio could implement without any additional infrastructure costs.
